Why do I like made-to-order face powder?

Because I feel about face powder the way I feel about fashion... that individuality must be the keynote. And when it comes to something so personal as my complexion, I know that I need catering to... the advice of an expert. The Charles of the Ritz consultant, by creating a formula exclusively for me, can help me make the most of my beauty. \$2, \$3 sizes (Introductory size \$1) All prices plus tax.
